# ANDROMEDA INTEGRATION SERVICES

## About Company

At Andromeda Integration Services, we specialize in offline ERP solutions designed for reliability, performance, and data security. Our platform offers complete control over your business operations—without depending on the internet.

Whether you're in manufacturing, retail, logistics, or services, our ERP is tailored to keep you running—anywhere, anytime.

**POWERFUL ERP  
FOR SMARTER  
BUSINESS**

## Core Modules

### Inventory & Warehouse Management

Track stock, reduce wastage, and manage supply chain efficiently.

### Accounting & Finance

Handle billing, expenses, and compliance—all offline.

### HR & Payroll

Manage employee data, attendance, and salary disbursement with ease.

### Production & Manufacturing

Plan, schedule, and track production cycles in real time.

### Sales & CRM

Manage leads, sales orders, and customer interactions—even offline

## Other Services

- **Web Development**
- **Mobile App Development**
- **Digital Marketing Support and Training**
- **SAP Functional Module Training**
